DETROIT AUDUBON BIRD-A-THON SPONSOR SHEET 2018

As a fund-raiser for Detroit Audubon (a 501c3 non-profit), I will go out birding within a 24-hr period with a team of one to three other birders in SE Michigan. I am asking you to pledge an amount for each species we see that day. Since this is the height of migration, it would be normal to see between 70-80 species. The highest record for this SE Michigan Bird-a-Thon is 114 species. I will provide you with a list of species we saw and where we saw them when I collect your pledge.
